

# LEARNING FROM THE PAST PREPARING FOR THE FUTURE

FUNDRAISING CAMPAIGN

## WHY THIS CENTER MATTERS

Communities across the United States have faced moments of crisis that tested their strength, resilience, and unity—from the San Francisco earthquake and September 11th to Hurricane Katrina and the 2025 Los Angeles wildfires. In those moments, recovery has often depended not only on institutions, but on people stepping forward to support one another.

**It is the strength of the community—the willingness to serve, adapt, and rebuild—that determines how recovery takes place.**

The **Center for Community Resilience** is designed to capture those lessons and turn them into action. By educating individuals, fostering volunteerism, and creating opportunities for engagement, the center will help prepare communities before challenges arise and strengthen their ability to respond when they do.

**This is about more than responding to disasters—it is about building a culture in which individuals see themselves as stakeholders in the wellbeing of their communities.**

The Center for Community Resilience is how we begin.

The **Center for Community Resilience** is a bold initiative to create a permanent space for disaster preparedness, community education, and volunteer-driven recovery. Through interactive exhibits, a community meeting room, podcast studio, food pantry, and immersive theater, the center will educate, inspire, and empower individuals to strengthen their communities. We are now raising funds to make this vision a reality.

## WHAT THE CENTER WILL INCLUDE

The Center for Community Resilience will bring together essential programs and resources under one roof—creating a space where education, service, and community engagement work together to strengthen individuals and neighborhoods.

- **Community Meeting Room:** A dedicated space for workshops, trainings, and community gatherings—designed to bring people together to learn, collaborate, and lead.
- **Podcast Studio:** A platform to share stories, amplify community voices, and highlight real experiences of resilience, leadership, and service.
- **Food Pantry:** A reliable resource providing food assistance to individuals and families in need, reinforcing the foundation of community support and care.
- **Resilience & Disaster Education Exhibits:** Interactive displays highlighting major disasters across the United States—including the San Francisco earthquake, September 11th, Hurricane Katrina, and the 2025 Los Angeles wildfires—focusing on how communities came together to respond, recover, and rebuild.
- **Interactive Exhibit Theater:** An immersive space where visitors can experience disaster scenarios and recovery efforts—designed to educate, engage, and inspire action.

### MAKE A DONATION

Support the development of the Center for Community Resilience and help bring essential programs and resources under one roof.

### BECOME A FOUNDING SUPPORTER

Join a group of early supporters helping establish the foundation for this center and its long-term impact.

### PARTNER WITH US

Organizations and community leaders are invited to collaborate in building and sustaining a space dedicated to resilience, education, and service.

**Be part of building something that will serve generations to come.**

# EVERY GIFT COUNTS.

## A PLACE BUILT BY THE COMMUNITY, FOR THE COMMUNITY

The **Center for Community Resilience** is more than a building—it is a shared vision shaped by the belief that strong communities are built by people who are willing to show up, support one another, and take ownership of the future.

Throughout history, the collective effort of neighbors, volunteers, and local leaders has carried communities through their most difficult moments. This center is designed to honor that legacy and provide a place where that spirit continues to grow. Every contribution to this effort represents more than support for a project—it represents a commitment to building stronger, more connected, and more resilient communities for generations to come.
